EXAMINER'S COMMENT

Election/Restrictions

1. Applicant's election of Group I in the reply filed on June 26, 2006 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 11-34 directed to inventions that were non-elected effectively without traverse (see paragraph #1 above). Accordingly, claims 11-34 have been cancelled.

REASONS FOR ALLOWANCE

3. The reason for allowance are as follows:

The prior art does not disclose or suggest two or more objectives, each objective positioned to receive light transmitted through one of the alignment mark patterns, **each objective having an effective imaging area approximately equal to the area of the desired alignment mark** in combination with all the other elements recited in independent claim 1.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alan A. Mathews whose telephone number is (571) 272-2123. The examiner can normally be reached on Monday through Friday from 8:00 AM to 4:30 PM.
